 broskell   Kellampalli Saathvik   💼 Portfolio

ABOUT ME

Focused and detail-driven developer with practical experience in HTML, CSS, JavaScript, and Python. Skilled in SQL and Linux-based systems, including command-line workflows, and basic automation through shell scripting. Continually applying knowledge through IITJ's experiential learning ecosystem, building, and debugging small web applications and scripts. Recognized for strong problem-solving abilities, structured thinking, and consistent self-learning.

EDUCATION

Indian Institute of Technology Jodhpur | 2025-2029
Bachelor of Science: Applied AI and Data Science

Currently pursuing an BS degree with a focus on Python, Data Science, SQL, Web Development, and Algorithmic Thinking workflows . Engaged in hands-on projects and academic coursework that emphasize applied problem solving and technical implementation.

LeapStart School of Technology | 2025-2029
Experiential Learning

Actively building real-world skills through project-based learning in Linux systems, web development (HTML, CSS, JavaScript), and practical coding tasks. Applying concepts directly through guided labs, challenges, and industry-oriented modules.

WORK EXPERIENCE

Projects & Practical Experience | 2023 – Present

Student Developer
• Built small web applications using HTML, CSS, and JavaScript as part of coursework and hands-on learning.
• Used Python for data analysis, automation scripts, and problem-solving tasks across multiple assignments.
• Worked with SQL to create, query, and manage databases for practice problems and mini-projects.
• Gained practical exposure to Linux systems, command-line tools, and shell scripting through daily coding.
• Applied digital marketing concepts in small-scale projects, integrating analytics and basic campaign planning.

SKILLS

- Python
- JavaScript
- C

- HTML
- CSS
- SQL

- Linux
- Git
- Digital Marketing

LANGUAGES

- English
- Hindi
- Telugu
- German
